

PREMIUM FEATURES. AFFORDABLY PRICED.

Experience more with the POP Icon[™], which offers the perfect balance of premium features, great design and large display, at an affordable price. The spacious 5" touchscreen display provides an ideal viewing experience for watching movies, playing games and browsing the web. Enjoy 3G data speeds and a 1.2GHz quad-core processor, providing enhanced multi-tasking support so you can do more, faster. Plus, easily snap and share photos and videos with the phone's 5MP camera + VGA front camera.

MORE SCREEN FOR YOUR MONEY

A simply spacious 5" touchscreen provides an immersive viewing experience for watching your favorite movies, playing games, and browsing the web.

FAST & POWERFUL PERFORMANCE

Enjoy 3G data speeds and a 1.2GHz quad-core processor for added multimedia support and a smooth multi-tasking experience, so you can do more of what you love.

EASY, OUT-OF-BOX EXPERIENCE

The most essential apps and widgets are pre-configured right on the home screen so that you can simply enjoy your phone right out of the box with ease.

SNAP & SHARE PHOTOS

Get the most out of the phone's 5MP camera, with easy navigation features allow you to swipe between camera and photo gallery.
