ELEGANT, YET SIMPLE

The Coolpad Quattro II has an elegant, yet simple design that you would expect to cost more but doesn't. Browsing through apps is a breeze with its large 4.5-inch touchscreen. And thanks to the powerful Lithium Ion battery — the Coolpad Quattro II has an impressive talk time of up to 13 hours without recharging.

Coolpad Quattro II 4G

*4G LTE coverage is currently not available in all areas.

Coolpad Quattro II 4G

KEY FEATURES

Android 4.1.2 JellyBean

Powered by Android Jelly Bean, the Coolpad Quattro II offers silky-smooth performance, improved text-to-speech, Google Now without the clutter of third party overlays. Buy, store and share music with Google Music. Get weather reports, traffic conditions, or your favorite team's live score automatically with Google Now.

4.5" Large Screen Size

The Quattro II's sleek 4.5" screen fits perfectly in your pocket, letting you take all your media and games on the go. Its sleek and slim design fits with ease in your hands.

1.2 GHz Dual Core Processor

The Quattro II's 1.2 GHz dual core processor maximizes the speed of the MobileNation network. Browsing the Internet and streaming media happens in just a blink of the eye.

4G LTE Mobile Hotspot Enabled

The Quattro II Mobile Hotspot application allows access to both MobileNation 3G and 4G networks on your computer via USB Tethering and portable hotspot to your phone. The Quattro II's connectivity sets the standard for portable productivity and convenience.

*4G LTE coverage is currently not available in all areas.
